PROCEEDINGS

- 1 **Governing Council noted the Confirmation of Proceedings of GC meeting dated 29.10.2024**
-

- 2 **Reviewed the compliance report of GC Resolutions dated 08.10.2024**

Discussion & Decision:

The Compliance Report of GC Resolutions dated 08.10.2024 was reviewed in the meeting. The Chairman and Members of Governing Council have expressed their satisfaction for the same.

3 Updated GC about deployment of ERP "MasterSoft"

Preamble: Overall Progress of Implementation of M/s. MasterSoft as on 05/11/2024:

Sl. No.	Module	Percentage of completion (%) Previous week	Percentage of completion (%) present week	Scheduled date of Completion	Important tasks awaited
1	Academics	71	71	31-05-2024	- Eligibility check in Faculty - Various Reports - Course Doc Generation
2	OBE	40	40	01-08-2024	CO PO Attainments
3	Admissions	90	90	15-06-2024	- PG changes in the Fees head - Fine tuning the present Interface
4	Accounts	71	71	18-06-2024	- Online payment for Exam heads - Various Reports
5	Pre-Exam	65	65	07-06-2024	- QP module - Reports as per our formats
6	Evaluations	70	70	07-06-2024	Open day, RV, CRV, FastTrack, Makeup registrations & Exam conduction
7	Post Exam	63	63	12-06-2024	- Grade generation as per KLS GIT - Result sheets as per our formats - SEE & CIE analytics
8	General	46	46	01-07-2024	- Token Systems - Integration API's
M/s. MasterSoft, Nagpur team is visiting this week to complete the major awaited tasks by 12.11.2024.					

Discussion & Decision:

GC noted the details placed in the meeting.

Karnatak Law Society's Gogte Institute of Technology, Belagavi
Minutes of the meeting of the Governing Council of KLS GIT (Engg. Section)
Held on Tuesday, November 05, 2024, at 04.00 P.M. in Governing Council Room of KLS
GIT

GC informed COE to remind M/s. MasterSoft, Nagpur for the timely delivery of modules.

Matter is referred to KLS BOM for its information.

4 Discussed about KLS BOM Res. No. 08 dated 13.11.2015

Preamble: HoDs and Deans special allowance was approved vide BMR 08 dated 13th Nov 2015. Further approvals for different post were taken on case basis. The allowances paid presently are as follows:

Sr. No.	Posts	Count	Allowance ₹ per month per person	Total Amount ₹ per month	Approved by KLS BOM vide
1	Hostel Coordinators	2	1,000	2,000	BMR No.15 dated 07.12.2013
2	Deans & CoE	7	10,000	70,000	BMR 08 dated 13.11.2015
3	HoDs, Dy CoE, CC	12	5,000	60,000	
4	HoDs of Physics, Chemistry, Maths	03	3,000	9,000	BMR 07 dated 28.05.2016
5	Registrar	1	5,000	5,000	BMR 24 dated 01.06.2019
6	Principal-I/C allowance	1	25,000	25,000	BMR 59 dated 12.11.2021
7	Publicity Coordinator	1	5,000	5,000	BMR 42 dated 04.06.2023
8	Asst. Publicity Coordinator	1	2,500	2,500	BMR 26 dated 31.08.2024
9	Asst. Placement Coordinators	2	5,000	10,000	BMR No35 dated 09.03.2024
10	Dean MBA - I/C allowance	1	15,000	15,000	BMR 15(A) dated 23.09.2024
11	IT CELL faculty coordinators	2	5,000	10,000	BMR 20 dated 12.07.2024

These rates were fixed from 2013. Since then, the intake of the college has increased, the activities have increased, and the overall workload has increased.

In view of the reasons cited, it is requested that the above rates of allowance be enhanced.

Discussion & Decision:

GC noted that it has been quite a few years since many of these allowances were implemented. After discussion, GC decided to recommend for consideration enhancement in allowances that were introduced on or before 31/12/ 2021, w.e.f. 1st November 2024 as follows:

Sr. No.	Posts	Count	Recommended Allowance
---------	-------	-------	-----------------------

Karnatak Law Society's Gogte Institute of Technology, Belagavi
Minutes of the meeting of the Governing Council of KLS GIT (Engg. Section)

GIT

1	Deans (Admin, Acad (S), Acad (D), Student Affairs, Research & Development, Infra. & Planning) & CoE	7	Allowance be increased from ₹10,000/- pm to ₹18,000/- pm for each of the posts
2	HoDs of Program Departments (AE, ME, CV, EE, EC, CSE, ISE, CSE-AIML, Arch., MBA, and MCA), Computer Center, Deputy CoE, and Registrar	14	Allowance be increased from ₹5,000/- pm to ₹8,000/- pm for each of the posts
3	HoDs of Physics, Chemistry, Maths	03	Allowance be increased from ₹3,000/- pm to ₹5,400/- pm for each of the posts
4	Principal-I/C allowance	1	Allowance be increased from ₹25,000/- pm to ₹50,000/- pm
5	Hostel Faculty Coordinators	2	Allowance be increased from ₹1,000/- pm to ₹2,000/- pm

Matter is referred to KLS BoM for consideration and approval.

5 Discussed about AURA 2025 submitted by Dean Student Affairs

Preamble: Dean Student Affairs sent the following details:

‘As per Sameep Save, Sonu Nigam is available on Saturday, 22.03.2025. Soft blocking of the date is done (for hard blocking, 50% amount is to be paid). With your approval and availability, we need to have a discussion with his manager.’

Discussion & Decision:

GC noted the details placed in the meeting.

GC opined that, we can initiate action only after the decision of the KLS BOM.

Matter is referred to KLS BOM for its information.

6 Discussed about Skill Lab. proposal for UG students submitted by Dean Academics – Development

Preamble: Dean Academics (Development) submitted proposal about Skill Lab. for UG students. It is stated that, improving the skills of engineering students is critical for the nation's economic development. Engineering students who possess adequate skills can help businesses to transform themselves structurally in the ways that are necessary to adapt to the emerging technologies. The future of skilled jobs requires attention to the labour market and to the employer needs for developing newer technologies. Training policies as per NEP 2020 for the skill development are addressed in the scheduled SKILL LABS.

Local Inspection Committee (LIC) of VTU which visits every year to inspect the documents of skill labs being offered to the students & also inspects the amount spent from Skill lab fees collected from the UG students.

A. Eligibility Criteria:

1. Students who have paid the special lab fee are eligible for the skill lab certification.
2. The students must maintain 90% attendance for obtaining the skill lab certificate.
3. Students must attend training as per the schedule provided by the department.

B. Objectives of Skill labs at KLSGIT:

- To impart knowledge and increase competency in core technology domains that are usually not being covered to a sufficient depth in the Undergraduate Degree credit framework.
- To expand the domain knowledge of the students by providing hands-on content in their core branch of engineering.
- To increase the employability of undergraduate students keeping in view better opportunities in engineering & technology.

C. Guidelines for the conduct of the Skill labs:

- i) The courses that would be offered as Skill lab will aim to improve the student knowledge and hands-on skills.
- ii) Students who have paid the skill lab fee are eligible for undergoing the skill lab.
- iii) It would be offered to the 3rd, 5th sem students in the current semester & later to 1st to 7th sem B.E. & 1st to 9th sem B.Arch. as a 30 to 36 hours course conducted for a period of 1 week.
- iv) There is no minimum CGPA criteria applicable for undergoing the skill lab.
- v) No credits would be associated with the skill labs.
- vi) The registration process for students & allotment to skills labs will be handled by respective HOD.
- vii) The skill lab would be conducted in the regular odd/even semester for a period of 1 week (5 to 6 hours daily).
- viii) The sessions would be consisting of demo/theory classes coupled with hands on experience and content in labs.

Karnatak Law Society's Gogte Institute of Technology, Belagavi
Minutes of the meeting of the Governing Council of KLS GIT (Engg. Section)
Held on Tuesday, November 05, 2024, at 04.00 P.M. in Governing Council Room of KLS
GIT

- ix) Students would be encouraged to bring laptops to class in order to reduce the load on CC resources & promote the BYOD model for better interaction & learning.
- x) The sessions would be engaged by faculty members identified by HODs depending on their specialization & proficiency in delivering the skill lab content.
- xi) Wherever possible, 1 external expert could also be involved from local startups, training organizations or industries to impart the hands-on content in skill lab. Separate approval & sanction has to be taken for employing services of external experts or organizations by respective HOD.
- xii) The batch size could consist of a minimum of 30 students & a maximum of 60 students.
- xiii) Attendance of 90% is required to be eligible for the examinations and the Certification.
- xiv) Regular classes & labs will be suspended during skill lab conduction.
- xv) The skill lab evaluation to be conducted for 100 marks with 60% weightage for hand-on conduction/execution, 20% weightage for viva-voce & 20% weightage for test.
- xvi) Test (exam) pattern can be MCQ type, written, project based or hands on/practical oriented based on the type of skill lab.
- xvii) Grading in the certificate will be based on the Absolute system being followed for 2022 scheme. Letter grade will be printed on the certificate based on the marks scored.
- xviii) All documents related to skill labs- attendance sheet & evaluation, certification data, brochure, syllabus, schedule, expenses etc should be maintained by respective faculty coordinator & HOD. These documents should be presented to the VTU LIC (Local Inspection Committee) committee during their visit.

D. Proposed Remuneration for Skill labs to Staff members:

Since the skill lab is an additional load, the faculty members & support staff associated need to be suitably remunerated for the conduction.

It is proposed to disburse the following amount to staff associated with the skill lab for the conduction:

- A. For batch strength of 30 students: ₹500 per hour to 1 faculty member & ₹200 per hour to 1 Support staff
- B. For batch strength of 60 students: ₹500 per hour each to 2 faculty members & ₹200 per hour each to 2 Support staff

- ◆ 10-20% variation in student strength has to be accommodated in the lab.
- ◆ The entire expenditure will be met out of Skill lab fees paid by students.

Currently, 13 skill labs have been identified for 3rd semester & 13 skill labs for 5th semester students. The skill labs will be conducted in November 1st & 2nd week, 2024.

Discussion & Decision:

GC noted the details placed in the meeting.

GC accepts the proposal in principle and forwards the same to Screening Committee, KLS for its consideration.

Matter is referred to KLS BOM for its information.

7 Considered the proposal regarding finalization of agency for photography / video streaming of Graduation Day submitted by HOD-E & C Engg. Dept. (Amount involved: ₹1,40,000/-)

Preamble: As per BOM No. 05 dated 03.08.2024, an amount of ₹18,75,000/- has been sanctioned towards conduct of Graduation Day. An amount of ₹1,40,000/- has been earmarked for photography / video streaming of Graduation Day. As per approval, quotation were received from the following vendors:

1. M/s. Katti's Studio, Belagavi
2. M/s. Kalburgi Bros., Belagavi
3. M/s. Uday Studio, Belagavi

Discussion & Decision:

After negotiation, it is hereby resolved to place order with M/s. Kalburgi Bros, Belagavi at the negotiated amount of ₹1,37,000/- including GST towards photography / video streaming and allied works of Graduation Day 2024.

HOD-E&C Engg. Dept. is to prepare Work Order accordingly.

Matter is referred to KLS BOM for its information.

- 8 **Considered the proposal regarding finalization of agency for purchase of instrument for Chemistry Dept. submitted by HOD-Chemistry Dept. (Amount involved: ₹2,95,000/-)**

Preamble: As per GCR No. 08 dated 20.08.2024, an amount of ₹2,95,000/- has been sanctioned towards purchase of instruments for Chemistry Dept. As per approval, quotation were received from the following vendors:

1. M/s. Tech Lab Equipment, Bengaluru
2. M/s. Flow & Force Engineers, Bengaluru
3. M/s. Vedalakshmi Engineering, Dharwad

Discussion & Decision:

After negotiation, it is hereby resolved to place order with M/s. Vedalakshmi Engineering, Dharwad at the negotiated amount of ₹2,97,700/- including GST towards purchase of instrument for Centre of Nanoscience and Nanotechnology, Chemistry Dept.

The vendor has agreed to supply the instruments within 6 weeks.

HOD-Chemistry Dept. is to prepare Work Order accordingly.

Matter is referred to KLS BOM for its information.

9 Considered the proposal regarding finalization of agency for Civil work at Incubation Space in respect of M/s. Carbine Systems submitted by Dean Infra. & Planning (Amount involved: ₹2,60,000/-)

Preamble: As per GCR No. 08 dated 08.10.2024, an amount of ₹2,60,000/- has been sanctioned towards Civil Work at Incubation Space in respect of M/s. Carbine Systems. As per approval, quotation were invited from the following vendors:

1. M/s. Murlidhar Constructions, Belagavi
 2. M/s. V. K. Muchandikar, Belagavi
 3. M/s. Kalashree Associates, Belagavi
 4. M/s. Mathura Constructions, Belagavi
- [Vendors mentioned in Sl. No. 3 & 4 have not submitted their quotes]

Discussion & Decision:

After negotiation, it is hereby resolved to place order with M/s. V. K. Muchandikar, Belagavi at the negotiated amount of ₹2,75,000/- including GST towards Civil work at Incubation Space in respect of M/s. Carbine Systems.

The vendor has agreed to complete the work within 25 days.

Dean Infra. & Planning is to prepare Work Order accordingly and monitor strict compliance of quality and schedule.

Matter is referred to KLS BOM for its information.

- 10 **Considered the proposal regarding finalization of agency for electrification work at Incubation Space in respect of M/s. Carbine Systems submitted by HOD-E & E Engg. Dept. (Amount involved: ₹1,58,000/-)**

Preamble: As per GCR No. 12 dated 22.10.2024, an amount of ₹1,58,000/- has been sanctioned towards Electrification Work at Incubation Space in respect of M/s. Carbine Systems. As per approval, quotation were received from the following vendors:

1. M/s. Surya Electricals, Belagavi
2. M/s. kavya Electricals, Belagavi
3. M/s. Century Engineering, Belagavi
4. M/s. Maruti Winders, Belagavi

Discussion & Decision:

After negotiation, it is hereby resolved to place order with M/s. Kavya Electricals, Belagavi at the negotiated amount of ₹1,30,000/- including GST towards electrification work at Incubation Space in respect of M/s. Carbine Systems.

The vendor has agreed to supply the materials within 15 days. .

HOD-E & E Engg. Dept. is to prepare Work Order accordingly.

Matter is referred to KLS BOM for its information.

Karnatak Law Society's Gogte Institute of Technology, Belagavi
Minutes of the meeting of the Governing Council of KLS GIT (Engg. Section)
Held on Tuesday, November 05, 2024, at 04.00 P.M. in Governing Council Room of KLS GIT

- 11 **Considered the proposal regarding finalization of agency for providing Internet Leased Line Connections submitted by HOD-Computer Center (Amount involved: ₹12,00,000/-)**

Preamble: As per BOM Res. No. 72 dated 27.09.2024, BOM has accorded approval for renewal of BSNL and KORD Internet Leased Line connection and Principal-KLS GIT is directed to take necessary action in the matter.

As per approval, quotation were invited from the following vendors:

A. For 300 mbps leased line connection with 128 IP Addresses

1. M/s. BSNL, Belagavi
 2. M/s. Outofbox (FAAST), Belagavi
 3. M/s. Railtel Corporation of India Ltd.
 4. M/s. Garden City Technologies, Bengaluru
- [Vendors mentioned in Sl. No. 2,3, & 4 have not submitted their quotes]

B. For 300 mbps leased line connection with 24 IP Addresses

1. M/s. KORD Broadband Services Pvt. Ltd., Hubli
 2. M/s. Railtel Corporation of India Ltd.
 3. M/s. Reliance JIO Infocomm Ltd., Mysore
 4. M/s. Reliance JIO Infocomm Ltd., Belagavi
 5. M/s. Outofbox (FAAST), Belagavi
 6. M/s. Garden City Technologies, Bengaluru
- [Vendors mentioned in Sl. No. 5 & 6 have not submitted their quotes]

Discussion & Decision:

After negotiation, it is hereby resolved to place order as per the following details:

Sl. No.	Vendor Name	Lease Line Connection	Amount Negotiated for 365 days (₹)
1	M/s. BSNL, Belagavi	300 mbps with 128 Static IP Addresses	₹ 5,10,000/- (Including GST)
2	M/s. KORD Broadband Services Pvt. Ltd., Hubli	300 mbps with 24 Static IP Addresses	₹ 5,00,000/- (Including GST)

HOD-Computer Center is to prepare the work orders accordingly.

Matter is referred to BOM for its information.

Karnatak Law Society's Gogte Institute of Technology, Belagavi

Held on Tuesday, November 05, 2024, at 04.00 P.M. in Governing Council Room of KLS GIT

12 Considered the proposal regarding renewal / upgradation of Subscription of Sophos submitted by HOD-Computer Center (Amount involved: ₹18,00,000/-)

Preamble: HOD-Computer Center submitted proposal regarding renewal / upgradation of subscription of Sophos. It is stated that, SOPHOS XG 650 – a Unified Threat Management System renewed in the year 2022 worth ₹14.85 Lakhs with 3 years' subscription (till 2025) from M/s. Syscon Systems, is due for the renewal / upgradation. Over the period of time, it has given us excellent protection to our network from the cyber threats and still going on. Below mentioned are the details of renewal / purchases since its inception:

Authorised Vendor	Year	Amount	Purchased / Renewed
Syscon Systems	2008	13,75,000	1st time purchase with +1-year renewal Cyberoam CR 1000i
	2010	3,25,000	subscription renewed for 1 year
	2011	3,47,000	subscription renewed for 1 year
	2012	11,45,760	new hardware purchased Cyberoam CR1500ia under buyback of old with 3 years subscription
	2015	12,00,000	new hardware purchased Cyberoam CR1500ing-XP under buyback of old with 3 years subscription
	2018	14,85,000	new hardware purchased SOPHOS XG 650 - FG under buyback of old with 3 years subscription
	2022	14,90,000	subscription renewed for 3 years till Mar.2025

SOPHOS is having modules like Content Filtering, Intrusion Prevention System, Gateway Antivirus & Antispam, which protects our network from being attacked or abused by outsiders and as well as by insiders. The databases of these modules are updated frequently to protect the network from being attacked or abused from the latest attacks or websites. To have these databases up to date and getting the further upgrades free of cost, the subscription to these modules need to be renewed. The subscription for the year 2022 will be due in the year March 2025.

The approximate budgetary cost for renewal of subscriptions of existing Sophos with 3 years' subscriptions is ₹18,00,000/-.

GC is requested to consider the proposal and sanction ₹18,00,000/- towards the same.

Office Note: The budget details are as under:

1	Department	Computer Center
2	Budget Head	e-Governance / Subscriptions
3	Budget Allocated	₹57,40,000
4	Amount Utilized	₹19,57,943
5	Amount Committed	₹12,00,000 (BSNL, KORD)
6	Budget Balance 3- (4+5)	₹25,82,057
7	Amount for said proposal	₹18,00,000
8	Balance after said proposal. (6-7)	₹ 7,82,057

Discussion & Decision:

GC noted the details placed in the meeting.

Karnatak Law Society's Gogte Institute of Technology, Belagavi
Minutes of the meeting of the Governing Council of KLS GIT (Engg. Section)
Held on Tuesday, November 05, 2024, at 04.00 P.M. in Governing Council Room of KLS
GIT

GC recommends the proposal to KLS BOM with a request to sanction ₹18,00,000/- towards renewal of subscriptions of existing Sophos with 3 years'.

13 Considered the proposal regarding estimation of Plumbing, Sanitary, and Electrical Works for distribution of treated grey water at KLS GIT submitted by Dean Infra. & Planning (Amount involved: ₹46,58,650/-)

Preamble: Dean Infra. & Planning submitted proposal regarding estimation of Plumbing, Sanitary, and Electrical Works for distribution of treated grey water at KLS GIT. It is stated that, the proposal for STP project of ₹2.5 Crores has been considered by GC and BOM (BOM Resolution No. 32 dated 06/04/2024).

The estimated amount for Plumbing, Sanitary, and Electrical works for distribution of treated grey water is ₹46,58,650. The split up of estimation is as follows:

Sl. No.	Particulars	Amount (₹)
1.	Plumbing, Sanitary and Civil works	40,70,650
2.	Electrical works	5,88,000
	Total	46,58,650

GC is requested to consider the proposal and sanction ₹46,58,650/- towards the same.

Office Note: The budget details are as under:

1	Department	Dean Infra. & Planning
2	Budget Head	STP (Non-Recurring)
3	Budget Allocated	₹2,50,00,000
4	Amount Utilized	NIL
5	Amount Committed	₹1,74,00,000
6	Budget Balance 3- (4+5)	₹ 76,00,000
7	Amount for said proposal	₹ 46,58,650
8	Balance after said proposal. (6-7)	₹ 29,41,350

Discussion & Decision:

GC noted the details placed in the meeting.

GC directed Dean Infra. & Planning to suggest plumbing design professional consultants.

Matter is referred to KLS BOM for its information.

Karnatak Law Society's Gogte Institute of Technology, Belagavi
Minutes of the meeting of the Governing Council of KLS GIT (Engg. Section)
Held on Tuesday, November 05, 2024, at 04.00 P.M. in Governing Council Room of KLS GIT

14 Considered the proposal regarding Science Hack Day (Amount involved: ₹60,000/-)

Preamble: We have received an email from Gautam Samant, Volunteer, SHD2024 requesting for support and participation for Science Hack Day 2024, which will take place from 8-10 November 2024 at Sankalp Bhoomi Farm Resorts, Belagavi. It is stated in his email that, KLS GIT has supported them in the past, and they are truly grateful for our contributions. This year, they would greatly appreciate our continued involvement in the following ways:

- A. **Student Teams as Hackers:** They would like to encourage student teams from KLS GIT to participate in the event as hackers. SHD2024 offers a unique platform for students to showcase their creativity, technical skills, and innovative ideas by building projects alongside professionals and innovators from diverse fields.
- B. **Student Volunteers:** They are also looking for enthusiastic students to volunteer during the event. Volunteering at SHD2024 will provide them with hands-on experience in event organization, the chance to engage with innovators, and the opportunity to build their soft skills, all while networking with professionals and like-minded peers.
- C. **Sponsorship of a Meal:** Finally, they would appreciate it if KLS GIT could consider sponsoring a meal for the participants. This generous support will help us keep the entry ticket costs low, making the event more accessible to young students and children, allowing them to benefit from this unique learning experience. (*Approximate cost ₹ 45,000/-*).

In this regard, GC is requested to:

- ii. **Sanction ₹45,000/- towards sponsoring meal for the participants**
- iii. **Sanction ₹15,000/- towards registration fee for 15 students**

Office Note: The budget details are as under:

1	Department	KLS GIT
2	Budget Head	Student Club & Chapter
3	Budget Allocated	₹31,41,000
4	Amount Utilized	₹ 8,10,527
5	Amount Committed	NIL
6	Budget Balance 3- (4+5)	₹23,30,472
7	Amount for said proposal	₹ 60,000
8	Balance after said proposal. (6-7)	₹22,70,472

Discussion & Decision:

GC noted the details placed in the meeting.

GC accepts the proposal and sanction ₹60,000/- towards sponsoring meal for the participants and registration fee for 15 students of KLS GIT.

Matter is referred to KLS BOM for its information.

15 Considered the proposal regarding post facto approval for Skill Development Course for Mechanical Students at GTTC, Belagavi submitted by HOD-Mechanical Engg. Dept. (Amount involved: ₹40,000/-)

Preamble: HOD-Mechanical Engg. Dept. submitted proposal seeking post facto approval for Skill Development Course for Mechanical Students at GTTC, Belagavi. It is stated that, the 3rd semester students of Mechanical Engg. Dept. have to undergo skill development for one week from 4th November to 8th November 2024, hence they have allocated 46 students for skilling on basics of Robotics and CNC Technology. The fees said by GTTC, Belagavi is ₹850/- per student for an entire week. The total cost of the training would be approximately ₹40,000/- including GST.

The training at GTTC, Belagavi will be attended by 46 students, 3 faculty, and 1 non-teaching staff.

The outcome of the training will help students of Mechanical Engg. Dept. to upskill themselves and can take up projects in higher domains.

The said proposal was forwarded to The Chairman, GC-KLS GIT for his consideration and approval. The Chairman, GC-KLS GIT has approved the proposal and opined to get it ratified post facto in the upcoming meeting of GC-KLS GIT.

Office Note: The budget details are as under:

1	Department	Mechanical Engg. Dept.
2	Budget Head	Skill Enhancement
3	Budget Allocated	₹2,75,000
4	Amount Utilized	NIL
5	Amount Committed	NIL
6	Budget Balance 3- (4+5)	₹2,75,000
7	Amount for said proposal	₹ 40,000
8	Balance after said proposal. (6-7)	₹2,35,000

Discussion & Decision:

GC noted the details placed in the meeting.

GC accepts the proposal and accords post facto sanction of ₹40,000/- towards undergoing Skill Development Course for Mechanical Students at GTTC, Belagavi.

HOD-Mechanical Engg. Dept. is to take necessary action in the matter.

Matter is referred to KLS BOM for its information.

16 Considered the proposal regarding signing an MoU with Airport Authority of India (AAI), Belagavi submitted by HOD-Civil Engg. Dept.

Preamble: HOD-Civil Engg. Dept. submitted proposal regarding signing an MoU with Airport Authority of India (AAI), Belagavi. It is stated that, The Director, AAI, Belagavi has agreed to sign an MoU with KLS GIT. This will help our students to undergo Internships for duration of 4-20 weeks. The draft MoU would be placed in the GC meeting.

Discussion & Decision:

GC noted the details placed in the meeting.

Matter is referred to The Secretaries, KLS for legal opinion about the MoU to be signed with Airport Authority of India (AAI), Belagavi. A copy of draft MoU is attached with this resolution.

Matter is referred to KLS BOM for its information.

17 Discussed about consultancy services provided by Chemistry Dept. to M/s. Smartenviro Systems Pvt. Ltd., Pune

Preamble: M/s. Smartenviro Systems Pvt. Ltd, Pune, co-owned by Shri. D. V. Kulkarni, Vice President, KLS has proposed giving consultancy work to department of Chemistry-KLS GIT. The Department of Chemistry has submitted proforma invoice for ₹41,300/- including GST for the same.

The rates are as applicable to general public and does not involve any type of concession to KLS members.

This clarification is being made as per the advice of Chartered Accountants / Auditors.

Discussion & Decision:

GC noted the details placed in the meeting.

Matter is referred to KLS BOM for its consideration and approval.

18 Report by The Chairman, GC-KLS GIT regarding attending nVidia AI Summit at Jio Convention Center, Mumbai on 23rd, 24th, and 25th October 2024

Preamble: Following report is presented by The Chairman, GC-KLS GIT:

nVIDIA AI Summit, Mumbai, 23-25 October, 2024

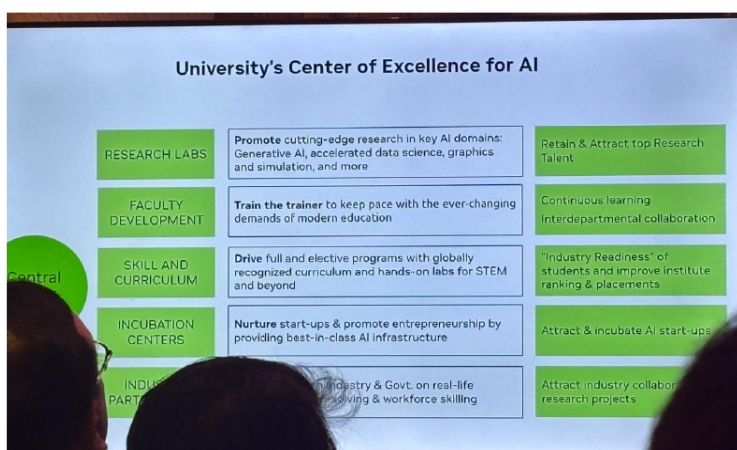

Respected Members,

A KLS GIT team was invited to attend this prestigious event in Mumbai. Attended included Dean R&D, two professors, one each from CSE & CS (AI/ML), and GC Chairman (Engg.). Arrangements were made by GI Ventures for team KLS GIT.

Highlights

23rd. October 2024 – Higher Education & Research Leadership Meet

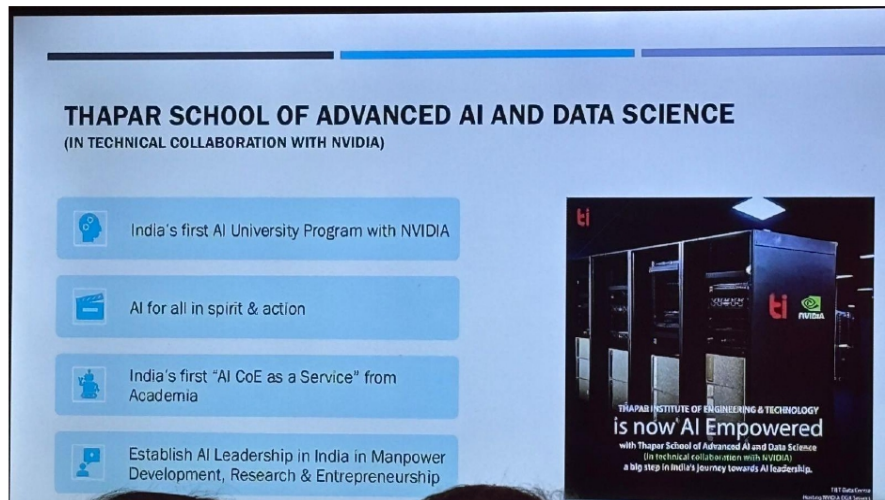

- Presentations by nVIDIA's technical team from the USA of that highlighted how nVIDIA was interacting with Indian Educational EcoSystem and alerted us to resources available from nVIDIA's side:
 - For training of our staff
 - Support for startups on college campuses
 - Building associations with other colleges/universities/industries in the nVIDIA ecosystem.

- They spoke of concepts such as – AI Factory, Data Engineering, Vector Databases, CoPilots, Prompt Engineering, Deep Learning Institute, DLI Kits, University Ambassadors.
- Representatives from RV, Christ, BMS, and KLE were also present.
- VTU VC, Dr. Vidyashankar, was also present.
- Rajiv Kumar of AICTE represented Dr. Sitharaman who could not attend due to a last minute change of plans. Dr. Rajiv Kumar spoke of AICTE's initiatives in AI:
 - How Core Engineering Branches were very important for the economy.

Karnatak Law Society's Gogte Institute of Technology, Belagavi
Minutes of the meeting of the Governing Council of KLS GIT (Engg. Section)
Held on Tuesday, November 05, 2024, at 04.00 P.M. in Governing Council Room of KLS
GIT

- AI needed to be blended with emerging technologies such as Robotics, Cybersecurity, IoT, Data Science, etc., and offered to all students.
 - Providing training and certifications to staff at industry partners.
 - Develop innovation councils at colleges.
 - Development of ethical AI tools
 - COEs in AI at colleges.
- Most interestingly, I spent some time chatting with Dr. Rajeev Vederah, VC of Thapar Institute of Engineering and Technology (TIET) since they have invested in 17 nVIDIA GPUs and are termed an AI University. He was very frank about their desire to integrate AI subjects into every branch offered at TIET and other colleges (other than Engineering) that they are opening up. He also spoke about the next thing in computing called Quantum Computing.

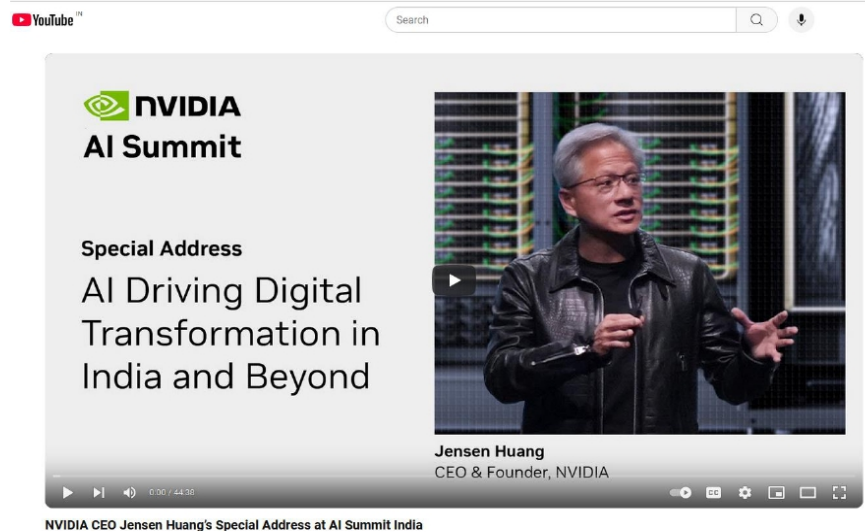

- I also met with GI Ventures' representatives, Mr. Abhishek Agarwal and Mr. Sampath Kumar who attended our KLS AGM.
- They were appreciative of the quality of Management of KLS and indicated that the feedback they had gathered when they did surveys about KLS was very positive.
- Furthermore, they informed me that KLS GIT was going to be provided with a higher GPU that costs approximately 40% higher than the one we placed an order for. It would be provided to us at the same cost.

GIT

24th. October 2024 – Jio Convention Center at BKC

- Jensen Huang, CEO, nVIDIA addressed attendees at the Jasmine Hall. It was a special, once in a lifetime event for me. He made the following points:
- The field of computing had seen many revolutions over the past sixty years starting with mainframe computers, followed by personal computers.
- The full presentation by Mr. Jensen Huang can be accessed on YouTube at:

<https://youtu.be/GIKBbsVX37c?si=MGwHbwYUMGWMqYWm>

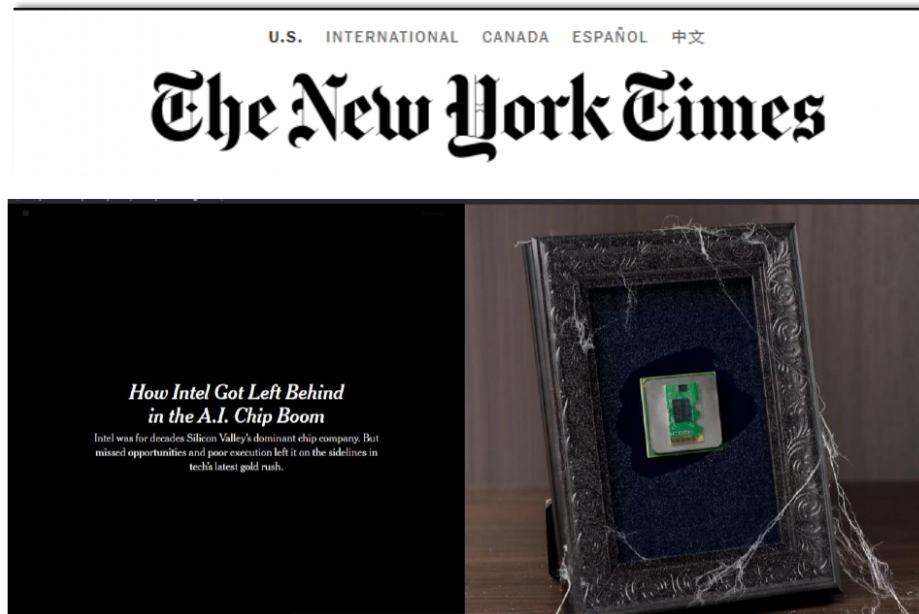

NVIDIA CEO Jensen Huang's Special Address at AI Summit India

- Key Points he made included:
 1. Computing has fundamentally changed
 2. Moore's law that underpinned the CPU age has reached its limits.
 3. Why GPUs are the next thing in Computing

In the simplest form this can be explained as - The typical input (x) to an equation that leads to a result of (y) in the CPU paradigm, has been replaced by the GPU wherein all data. i. e., all (x) and all (y) are fed through the GPU and it spits out the equation.

 4. Description of their software, CUDA domain specific libraries, for massive computing tasks
 5. How India is moving from the era of software coding for the back end to developing applications, using NVIDIA GPUs, for the front end
- He also held a conversation with Mr. Mukesh Ambani wherein an ambitious partnership was intimated between nVidia and Jio.

- Appendix:

By [Steve Lohr](#) and [Don Clark](#)

Steve Lohr has written about the tech industry since the 1990s. Don Clark has covered the chip industry for more than 35 years.

- Oct. 24, 2024

In 2005, there was no inkling of the artificial intelligence boom that would come years later. But directors at Intel, whose chips served as electronic brains in most computers, faced a decision that might have altered how that transformative technology evolved.

Paul Otellini, Intel's chief executive at the time, presented the board with a startling idea: Buy Nvidia, a Silicon Valley upstart known for chips used for computer graphics. The price tag: as much as \$20 billion.

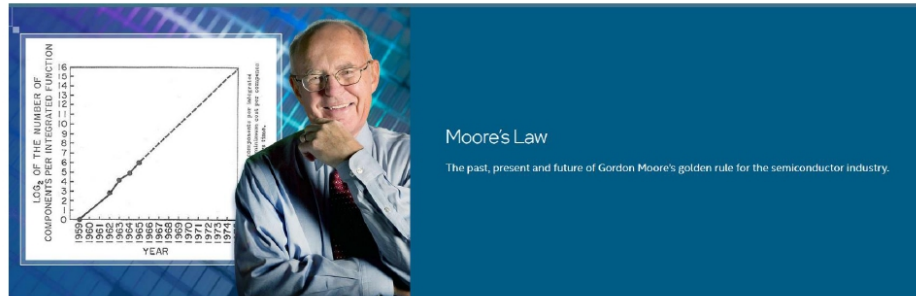

Some Intel executives believed that the underlying design of graphics chips could eventually take on important new jobs in data centers, an approach that would eventually dominate A.I. systems.

But the board resisted, according to two people familiar with the boardroom discussion who spoke only on the condition of anonymity because the meeting was confidential. Intel had a poor record of absorbing companies. And the deal would have been by far Intel's most expensive acquisition.

Today Nvidia is the unrivaled A.I. chip king and one of the most valuable corporations in the world, while Intel, once the semiconductor superpower, is reeling and getting no lift from the A.I. gold rush. Nvidia's stock market value, for years a fraction of Intel's, is now more than \$3 trillion, roughly 30 times that of the struggling Silicon Valley icon, which has fallen below \$100 billion.

As the company's valuation has sunk, some big tech companies and investment bankers have been considering what was once unthinkable: that Intel could be a potential acquisition target.

The PC Revolution & Moore's Law

Moore's Law is the observation that the number of transistors on an integrated circuit will double every two years with minimal rise in cost. Intel co-founder Gordon Moore predicted a doubling of transistors every year for the next 10 years in his original paper published in 1965. Ten years later, in 1975, Moore revised this to doubling every two years. This extrapolation based on an emerging trend has been a guiding principle for the semiconductor industry for close to 60 years.

What started as an empirical observation became a motivating objective, a target for Intel and its competitors to deliver against time and again. Moore's Law is not a scientific law (it's not a natural phenomenon). Moore himself admitted he didn't much care for the designation, which was not part of the original language in his paper. Rather, Moore's Law is a projection for the future that relies on innovation and technological advancement for its continued truth.

According to Mr. Jensen Huang this doubling of transistors on an integrated circuit every two years has reached its limit and hence computing improvements in CPU based PCs has slowed down noticeably.

Artificial Intelligence & Machine Learning - Examples

1. Digital voice assistants like Siri, Alexa, and Google Assistant use natural language processing and machine learning to understand voice commands and respond appropriately.
2. Face recognition technology, used for unlocking smartphones and tagging people in photos on social media, relies on machine learning algorithms to identify facial features
3. Recommendation systems on platforms like Netflix, Amazon, and Spotify use machine learning to analyze user behavior and suggest personalized content or products
4. Email spam filters employ machine learning to detect and filter out spam messages
5. Fraud detection systems used by banks and credit card companies utilize machine learning to identify suspicious transactions in real-time.
6. Self-driving cars use computer vision and machine learning algorithms to perceive their surroundings and navigate roads autonomously.
7. Predictive maintenance in manufacturing uses machine learning to analyze sensor data and predict when equipment is likely to fail
8. Healthcare applications like disease diagnosis and medical image analysis use machine learning to assist doctors in making more accurate diagnoses.
9. Smart home devices like thermostats and security systems use machine learning to learn user preferences and optimize energy usage or detect anomalies.
10. Social media platforms use machine learning for content moderation, personalized news feeds, and targeted advertising.
11. Language translation services like Google Translate use machine learning to improve translation accuracy
12. Financial trading algorithms use machine learning to analyze market data and make automated trading decisions.
13. Weather forecasting models incorporate machine learning to improve prediction accuracy
14. Chatbots and virtual customer service agents use natural language processing and machine learning to interact with customers and provide support.
15. Image and video recognition systems, used in security cameras and content moderation, rely on machine learning algorithms to identify objects, people, or activities

QUANTUM Computing – The Next Phase of Computing

KLS GIT now needs to gear up for Quantum computing which is an advanced computing paradigm that harnesses the principles of quantum mechanics to perform certain types of calculations exponentially faster than classical computers. Here are the key aspects of quantum computing:

Fundamental Principles

Quantum computing is based on two main quantum mechanical phenomena:

1. **Superposition:** Unlike classical bits that can be either 0 or 1, quantum bits (qubits) can exist in multiple states simultaneously. This allows quantum computers to process vast amounts of information in parallel
2. **Entanglement:** Qubits can be interconnected in such a way that the state of one qubit is directly related to the state of another, regardless of the distance between them. This property enables quantum computers to perform complex calculations more efficiently.

How Quantum Computers Work

Quantum computers use qubits instead of classical bits to store and process information. These qubits are typically implemented using subatomic particles like electrons or photons, or artificially created systems that exhibit quantum properties

The computation process involves:

1. Initializing qubits in a superposition state
2. Manipulating qubits using quantum gates and circuits
3. Measuring the final state of the qubits to obtain the result

Advantages Over Classical Computing

Quantum computers excel at solving certain types of problems that are intractable for classical computers, including:

- Factoring large numbers (important for cryptography)
- Simulating quantum systems (useful in chemistry and materials science)
- Optimization problems (applicable in finance, logistics, and machine learning)
- Database searching

Current State and Challenges

While quantum computing has shown great promise, it is still in its early stages of development. Some key challenges include:

- Maintaining qubit coherence (preventing unwanted interactions with the environment)
- Scaling up the number of qubits while maintaining their quality
- Developing error correction techniques to improve the reliability of quantum computations

Applications and Impact

Quantum computing has the potential to revolutionize various fields, including:

- Drug discovery and materials science
- Financial modeling and risk analysis
- Artificial intelligence and machine learning
- Cryptography and cybersecurity
- Climate modeling and weather prediction

Discussion & Decision:

GC noted the details placed in the meeting.

Matter is referred to KLS BOM for its information.

19 Considered the proposal regarding sanction of fees for further accreditation of NBA Compliances of 3 UG Engg. Courses submitted by Dean Academics – Statutory Matters (Amount involved: ₹3,54,000/-)

Preamble: Dean Academics – Statutory Matters submitted proposal regarding sanction of fees for further accreditation of NBA Compliances of 3 UG Engg. Courses. It is stated that, our institute has received a mail from NBA on 4th November 2024, regarding consideration for further Accreditation of 3 UG Engineering programs (i.e., CSE, ECE, & ME) which are accredited for 3 years in Tier-I from 2022-23 upto 30.06.2025.

In order to consider further accreditation of the above programs, we are required to submit the Compliance Report for each program along with the fee as per the following fee structure:

Sr. No.	Name of the UG programs	Fee to be paid (₹)
1	Computer Science & Engineering	2,00,000
2	Electronics & Communication Engineering	50,000
3	Mechanical Engineering	50,000
	Total	3,00,000
	GST @18%	54,000
	Total fee with GST to be paid:	3,54,000

* ₹2,00,000/- for one program and ₹50,000/- for each remaining program.

Hence, it is requested to kindly ₹3,54,000/- towards accreditation fees, which is as per statutory requirements.

Office Note: The budget details are as under:

1	Department	Academics
2	Budget Head	Accreditation Expenses
3	Budget Allocated	₹25,25,000
4	Amount Utilized	NIL
5	Amount Committed	NIL
6	Budget Balance 3- (4+5)	₹25,25,000
7	Amount for said proposal	₹ 3,54,000
8	Balance after said proposal. (6-7)	₹21,71,000

Discussion & Decision:

GC noted the details placed in the meeting.

Since this is a statutory payment, GC sanctions ₹3,54,000/- towards fee for NBA Compliance of 3 UG Engg. Courses.

Dean Academics – Statutory Matter is to take necessary action in the matter.

Matter is referred to KLS BOM for its consideration and post facto approval.
