6 Discussed about the fee structure for Department of Design

Preamble: Mr. Abhishek Ganeshgudi submitted proposal regarding fee structure for Department of Design. It is stated that, the fee structure has been carefully formulated to ensure it remains competitive, sustainable, and supportive of the high-quality education we aspire to offer.

We have benchmarked the fees against other leading design institutions to maintain affordability while delivering exceptional value.

Additionally, further kind guidance is requested on the following:

- The criterion of admission for various categories (e.g., first come, first served, based on PUC-II/12th Std marks, or CET rank).
- Applicants appearing through CET will adhere to the examination schedule and guidelines set by KEA.
- Non-CET / equivalent stream candidates will undergo an aptitude test conducted by the Admission Committee of the KLS GIT Department of Design.
- Non-CET candidates are encouraged to submit a portfolio showcasing their creative and artistic works as part of the evaluation process.

Seat Allotment for the Department of Design

For your consideration and approval, the seat allotment for the Department of Design will be as follows:

16 Way forward for enhancing research at KLS GIT submitted by Dean IRDC

Preamble: Dean IRDC submitted proposal regarding way forward for enhancing research at KLS GIT. It is stated in the proposal that, R&D enhances the institution's reputation by contributing to advancements in various fields. High-quality research attracts funding, collaborations, and top-tier faculty. Autonomous institutions have the freedom to set their own research priorities. They can focus on interdisciplinary and cutting-edge research without bureaucratic delays.

The analysis of few institutes was done based on the data available in the public domain. Measures implemented in other autonomous institutes and private universities to improve R & D.

- MSRIT and KLE Technological University have established a Research Council a strategic research council, responsible for guiding the university's research strategies and initiatives.
- The superannuated Professors with passion for research are recruited. The Council members recruited have published their research in reputed journals, received multiple grants from various funding agencies.
- Their scope of work is to pool the faculty, students (UG,PG and PhD) from various departments who are inclined towards the research.
- The faculties/students/scholars need to do the experimentation and formulate the results and submit to the respective council members. Further, the council members will draft the research paper and finalize the journal for which it needs to be submitted. Basically, the council members mentor the researchers
- Both institutes encourage student-driven research as part of their engineering curriculum. This approach provides students with opportunities to develop critical skills, expand their knowledge, and contribute to technological advancements through research-focused teaching and student publications. The students are given credit in the academic records for the contribution of the work done in their normal curriculum.
- The faculties who are at core research are not given the academic teaching load or any other committee in actual. They are into core R & D work only. The target is set by the council members and all work towards the milestone attainment.
- The basic research by students and faculty will contribute in attracting funding, scoring well in the assessments like NIRF, QS Ranking, NAAC and NBA.

A. The measurable initiatives which KLS GIT has implemented in last 2 to 3 years to improve the R & D activities and output:

Sl. No	HEI Requirement for improving Research	KLS GIT Implementation in the direction of Improvement	Remarks
1	Strengthen Research Culture		
	Encourage faculty and students to actively engage in research.	Currently, very few faculties are involve in students in research	Introduce undergraduate research programs and project-based learning.
	Establish Research Committees to track progress and guide researchers.	Only VTU Doctral committee to review PhD progress is existing	2024 onwards Research Review committee is established. It is proposed in R & D Policy 2024
	Provide research incentives (monetary awards, promotions, sabbaticals).	Since 2022 KLS R & D Policy made provision for incentivisation	R & D Policy 2024 is in process covering all the research verticals for both students and faculty
2	Increase High-Quality Publications		
	Encourage publishing in Scopus, and Web of Science	The publications are incentivised based on the impact factorr and databse of indexing	The incentive is enhansed
	Implement a mentorship program where senior researchers guide junior faculty.	need to implement	In process
3	Boost Research Funding & Grants		
	Encourage faculty to apply for government and industry grants (DST, DBT, ICSSR, UGC, AICTE).	The CFP of grant is shared and faculties are encouraged to apply. There is an incentive for PI and Co-PI	Senior Faculty (retiredfrom National repure/funding agencies) could be hired to help in this direction
	Set up a research grant office to assist in proposal writing.	Needs to Work in this direction	
	Collaborate with corporate and international institutions for funding and resources.	The process is initiated. However, the numbers needs to be increased	
4	Promote Interdisciplinary & Industry Collaboration		
	Develop MoUs with industries, national labs, and international universities.	The process is initiated. However, the numbers needs to be increased	The industries / corporates, institutes we connect should have certain minimum benchmark.
	Focus on applied research and patents that address industry needs.	The process is initiated. However, the numbers needs to be increased	
	Organize conferences, workshops, and research meets to facilitate collaborations.	The number of conference organising	
5	Strengthen PhD & Research Programs		
	Ensure rigorous PhD programs with quality thesis work.		Research centre head should focus on these criteria along with the institute central office for research
	Increase PhD enrollments with funding and scholarships.	Fellowship for PhD initiated from 2023	Fellowship amount is enanced from 25,000 to Rs 30,000
	Encourage scholars to publish in reputed journals	R & D Policy 2022 is taking care of it

Held on Tuesday, April 01, 2025, at 03.00 P.M. in Governing Council Room of KLS GIT

6	Improve Citations & Research Impact		
	Conduct training on increasing research visibility through Google Scholar, ResearchGate, ORCID.	Need to focus on this	
	Create institutional repositories for easy access to published research.		
	Encourage open-access publishing to enhance citations.	APC charges are very high for the faculty	R & D Policy 2024 is proposing the APC charges for Q1 journal
7	Enhance Research Infrastructure		
	Upgrade laboratories with state-of-the-art equipment .	CoE/COC in niche areas are in process of establishing.	
	Develop specialized research centers focusing on emerging fields.	Ten research centres with multiple domain specialization are existing	AERO Engg will be added in this Academic Year
	Ensure access to high-quality research databases (IEEE, Springer, Elsevier).		
8	Engage in Internationalization		
	Partner with foreign universities for research projects.	Only two universities exists	
	Promote faculty and student exchange programs .	Its initiated since 2018	
	Participate in global research consortiums and funding opportunities .	This needs to be strengthened	

B. The opportunities for KLS GIT to Improve in the R & D vertical:

1. Research Thesis with the quality publication.
2. Involving The UG students in the research work from 2nd year onwards
3. PG students should have publication mandatory with the guide allotment from the 1st semester Academics and Research should be parallelly handled
4. UG and PG students should get a credit of the R & D activity in their grade card.
5. Proposal drafting and research mentoring office needs to be set up.
6. MoU should not be limited to internship alone, they should be functional in all vertical
7. Collaboration with institutes of national Repute and researchers from national and international institutes with QS ranking below 300 is vital.

C. CASE Study of Aeronautical Engineering:

Faculty: Dr. Chikmath, Mr. Ishwargouda Patil, and Mr. Siddant are remarkable. They involved students from 3rd year onwards and students participated in IIT Chennai, IISCI and Kallingam university. The students work beyond the college hours for extra mile achievement.

The model needs to be adopted by other departments.

In conclusion, faculty should motivate themselves and mentor students for R & D activities. Get the benefit from society and Institute Policy.

Discussion & Decision:

GC noted the details placed in the meeting and requested monthly updates in this regard.

Matter is referred to KLS BOM for its information.

17 Informed GC about agreement made with Sondur Family

Preamble: As per KLS BOM Res. 05 dated 21.12.2025, KLS BOM accorded approval for the proposal received from Prof. V. B. Sondur and Prof. Mrs. V. V. Sondur for awarding scholarship to meritorious students of KLS GIT in memory of their late son Mr. Shrinidhi, a meritorious student. The agreement will be signed on 2nd April 2025.
