During discussion, it is brought out that Educational Testing Service (ETS) administers the GRE (Graduate Record Examinations) and TOEFL (Test of English as a Foreign Language) exams, which are critical for students seeking admission to graduate programs and English-speaking institutions worldwide. The increasing number of applicants necessitates the establishment of additional testing Centres to ensure accessibility and convenience for test-takers. The establishment of a new ETS testing center for GRE and TOEFL exams at KLS Gogte Institute of Technology, Belagavi, Karnataka presents a promising opportunity to meet the growing demand for standardized testing. By strategically investing in the necessary infrastructure, and implementing robust operational processes, the center aims to provide a reliable and convenient service to test-takers, contributing to the broader educational landscape. Further, ETS centre setup would offer a host of intangible benefits to KLS GIT. Having an ETS test centre at KLS GIT would improve the brand value of KLS GIT further. It adds weight to the institutions credibility and is especially helpful at the time of realizing collaboration ventures with universities abroad. KLS GIT would be able to cater to the needs of test takers across South Maharashtra, Goa and North Karnataka thereby spreading great word of mouth. The total financial projections of the establishment of new ETS Centre at KLS GIT are as under as per the Report.

Computer Systems and Networking	Rs.12,96,000/-
