18 Discussed regarding permanent staff for Incubation Center

Preamble:

- KLS GRID was inaugurated on 28/June/2025 on the IIIrd. Floor of the Main Building.
- KLS GIT expects to open a 25,000 Square Feet Incubation Facility at the BEMCIEL Plot within the next 18 months. Design in ready.
- The experience gained at KLS GRID will be key in making the above-mentioned facility successful.
- Mr. Gajendra Tripathi, formerly of T-Hub, Hyderabad, and K-Tech, Belagavi was instrumental in guiding us in this process. He has already saved us ₹30 Lakhs with his suggestions for the IIIrd. Floor Center.
- He has been working for us for more than six months on a part-time contractual basis.
- Now that the incubation center is open, we believe that a permanent management structure for the Incubation Center is vital.
- **A full-time Incubation Center Head is essential**

Additional Benefits:

- Incubation Facility – Can provide guidance and key inputs.
- Social Media Presence of KLS GIT – Overall guidance.
- Hiring of Technology Staff for KLS GIT – Including adjunct staff with IIT backgrounds – Can be a great resource.
- Obtaining Technology Incubator Status for New Incubation Center on BEMCIEL Plot.

- Developing association/partnership with venture capitalists, funding agencies, mentors, other incubators, government entities, etc.

The overall benefits are substantial.

Discussion & Decision:

GC noted the details placed in the meeting.

GC recommends the proposal to KLS BOM with a request to accord approval for the appointment Mr. Gajendra Tripathi as full-time Incubation Center Head on contractual basis for a period of one-year with a salary of ₹1,50,000/-pm.

19 **Considered the proposal submitted by Dean Academics (S & D) and Dean IRDC regarding recruitment of:**

- a. **Data Operators : 04**
- b. **Attender : 01**

Preamble: Dean Academics (D&S) and Dean IRDC submitted proposal regarding recruitment of four qualified data operators & 1 attender to support the growing administrative and documentation needs of our institution. With the increasing volume and complexity of statutory and academic documentation, the current manpower is insufficient to meet critical deadlines and maintain compliance standards.

These data operators are essential to efficiently handle and manage the following key responsibilities:

1. **AICTE and VTU Affiliation Processes:** Both initial affiliation and yearly extension involve submission of voluminous documents—faculty data, infrastructure compliance, and course details—which must be managed accurately and within strict deadlines.
2. **Preparation of AQAR (Annual Quality Assurance Report) for NAAC:** This requires meticulous data compilation and presentation across multiple criteria, including academic results, faculty performance, research, and extension activities.
3. **Compilation of All India Survey on Higher Education (AISHE):** As you are aware, AISHE is a crucial initiative by the Ministry of Education to collect comprehensive data on higher education institutions across the country. The process involves the compilation and verification of a large volume of institutional data, which requires significant attention to detail and timely execution.
4. **Data Compilation for NIRF (National Institutional Ranking Framework):** The ranking process involves gathering quantitative and qualitative data from all departments. Proper formatting and accuracy are vital for a competitive national presence.
5. **Preparation for VTU LIC Visits:** Ensuring up-to-date records of faculty, infrastructure, labs and academic activities is critical for successful university inspections and compliance during Local Inspection Committee (LIC) visits.
6. **Documentation for NBA (National Board of Accreditation):** NBA accreditation entails extensive program-level documentation, including student performance metrics, faculty credentials, course files and outcome-based education records.
7. **Coordination of FDPs and Annual Audits from Dean's Office:** Organizing data related to faculty development programs (FDPs), academic audits and annual performance reports requires timely and structured documentation.
8. **Compilation of VTU Annual Reports:** Submission of annual performance and academic summaries to the university involves consolidated data from all departments, which must be reviewed and formatted accurately.
9. **Support for Central-level Functions Conducted by Dean Academics & Dean IRDC:** Events such as conferences, seminars, workshops and institutional meetings often involve planning; communication and record keeping that necessitate additional manpower.

10. **Data Management & Reporting:** Maintain a database of faculty research publications, patents, and funded projects. Assist in maintaining records for the National Innovation and Startup Policy (NISP). Maintaining the records of IIC, IIPC and Incubation data for various funding agencies.
11. **Financial & Grant Documentation:** Assist in managing financial transactions related to R&D projects and grants. Maintain records of fund utilization and expenditure for audit purposes. Help researchers with grant application documentation and compliance requirements.
12. **Incubation & Innovation Support:** Maintain records of incubated startups, innovation projects, and intellectual property filings. Assist in managing collaboration agreements with industry and academia. Support the organization of hackathons, ideation programs, and startup mentoring sessions.
13. **Syllabus Compilation & Formatting:** Needs lot of time to compile & format syllabus of the entire institute on yearly basis.
14. **Preparation & Conduction of Toppers felicitation, Graduation day & AC meeting:** Assist in managing various yearly activities needs quality time & execution.

Given the multifaceted nature of these tasks and their impact on institutional accreditation, reputation and academic continuity, it is imperative to appoint data operators at the earliest. Their presence will not only reduce the workload on faculty members but also ensure accuracy, timely submissions and compliance with regulatory standards.

Hence, GC is requested to accord approval for the appointment of:

- a. **Data Operators : 04**
- b. **Attender : 01**

Discussion & Decision:

GC noted the details placed in the meeting.

GC recommends the proposal to KLS BOM with a request to accord approval for the appointment of:

20 Considered the proposal regarding faculty requirement to conduct English classes for B.E, B.Arch. & Diploma Arch, B.Sc, B.Des. and MBA students in the first year submitted by Dean Academics – Development

Preamble: We have the following load in English communications, writing & soft skills for the UG, Diploma & PG programs.

1. 1 hour theory per week for all 15 divisions of B.E. in 1st sem. & 1 hour theory + 1 hour lab per week for all 15 divisions of B.E. in 2nd sem.
 2. 1 hour theory per week for 1 division for B.Arch. in the 1st sem.
 3. 1 hour theory per week for 2 divisions of B.Des. in the 1st & 2nd sem.
 4. 2 hours theory per week for 1 division of B.Sc. in the 1st & 2nd sem.
 5. 1 hour theory per week for 3 divisions of MBA in the 1st sem.
 6. 4 hours of Theory & 4 hours of lab per week for 1 division of Diploma Arch. In the 1st sem.
- Presently Prof Rajput is taking the English classes for all the UG & PG programs. He also has an additional load of NSS Unit 1 & IRCS for which he has to spend time in conducting activities for students which amounts to 6 hours load per week every semester.

In total for the academic year 2025-26 the course load is as follows:

- In odd semester- Total number of classes per week = 30 hours.
- In even semester- Total number of classes per week = 33 hours
- The average workload would be 63 hours in Academic year.
- On an average 13 hours of teaching load has to be taken by 1 faculty every week.
- It amounts to 52 hours of teaching load per faculty per month.
- If ₹500 per class is paid to the Guest faculty, it would amount to ₹26,000 per month.
- However, if a contractual faculty is taken, it would amount to ₹25,000 per month. In addition, they would be available for CIE entry, invigilation, exam work etc.

Considering the above, it is requested to recruit an additional faculty member (1 No) on contractual basis for the Academic year 2025-26 starting 1st week of September (tentatively 1 Sep 2025).

- **Qualification of the candidate:** M.A (English). Valid NET score (preferred)
- **Experience:** 1-year Teaching (preferred)

Discussion & Decision:

GC noted the details placed in the meeting.

GC recommends the proposal to KLS BOM with a request to accord approval for the appointment of faculty for teaching English on a contractual basis for a period of one-year.

Preamble: HOD-Civil Engg. Dept. submitted application requesting permission to apply for research proposal as Co-PI on “Water Management”. It is stated that, Dr. Lalit Borana, Asso. Professor from IIT Indore has requested Dr. Vaibhav Chate, HOD-Civil Engg. Dept. to be the CO-PI for the submission of the research proposal on “waste management” under the Department of Scientific and Industrial Research, Government of India.

Science and Technology (S&T) projects are funded through grant-in-aid by the Ministry of Mines through the process of project evaluation by Project Evaluation and Review Committee (PERC) and recommended projects are approved by the Standing Scientific Advisory Group (SSAG) constituted by the Ministry. As this being collaborative research proposal, the Principal Investigator needs to collaborate with other Institute along with the Industry.

This will give an opportunity to collaborate with IIT, Indore and have the joint publications, if the proposal gets accepted. Dr. Vaibhav Chate will be the Co-Guide for the Research fellow at IIT Indore under this scheme, without affecting academic and regular duties at our college.

Students can also take the advantage of getting internship at IIT Indore.

Hence, GC is requested to accord approval for the same.

Discussion & Decision:

GC noted the details placed in the meeting.

GC permits Dr. Vaibhav Chate, Professor & HOD, Civil Engg. Dept. to apply as Co-PI for research proposal “Waste Management”.
